Personal .- We had the pleasure of meet ing, last evening, Hon. Geo. D. Wagner, State Senator from Benton, Warren, and White House. Mr. Wagner is a fine specimen of vention if one is beti. the genus home-and is also a true Republi can and un strerably devoted to the Union.

12 Our neighbor over the Postoffice seems exercise I because the American flag has been hoisted in the Court House Square. Some folks dislike to see the United State tig just now. The flig was raised by loval men of all parties-Republicans, Democrats and Bell men, who all unite in the patriotic wish. "long may it wave."

I. C. Ferris respectfully invites the citizens of Terre Haute and vicinity, to his fine collection of Roses and Plants in great variety; they will be on hand by the 22d inst. and they will do well to await his coming, as the collection will be fine and of the choicest new, as well as the older varieties d2w

We are indebted to Mr. Conlogue, Division Superintendent of the T. H. & S. Louis Railroad, and Mr. Charley Cochrane, of the E. & C. Railroad, for a copy of the new time tables that went into operation on the roads with which they are connected, o vesterday morning.

FOUND DEAD .- The Journal of last ev. ening says, a man who lived in the garret of the old yellow frame on the corner of Fifth and Mulberry streets, was found dead in his bed yesterday morning. He had been sick = for a long time. We could not learn his name. He was buried last evening, no one but his wife and little daughter attending the funeral, and they rode on the bearse! ----

We issued, yesterday morning, 1,056 Dullies, containing the melancholy news of the fall of Sumter and the dishonor to the flag of the Federal Union. This large edition was exhausted by noon, and the demand was still unsatisfied. This, with our Sunday morning extra elition, aggregated about 1,700 papers 24 hours. ----

A large number of flags of our Union were hoisted vesterday, on business houses and private dwellings, throughout the city .-The Fort Hurison Guard have their colors displayed from the roof of their Armory -Minshall & Paddock also "flung out" their a small family, by applying at BARTLETT'S BOOK STORE banner to the breeze, from the flag staff on top of their Clothing Store, yesterday. The Vigo Guard, also, displayed their flag from their Armory window.

CLAY COUNTY DEMOCRAT .- A. T. Lansing. editor of the Clay County Democrat, is in the city, for the purpose of soliciting advertisements for his paper. The Democrat is located in the center of Clay County, and our O merchants would do well to have their basiness announced through its columns. A note on business, by any one not called on personally, will reach Mr. Lansing at the Buntin House, any time to day,

The Union sentiment in this city is growing rampant. The devotion to the "old flug" was never so apparent. Almost every e tizen, as he passes around the Square, looks up, with pride and veneration, to the glorious Stars and Stripes that flaunt so gaudily to THE UNDERSIGNED HAVING the breeze by the Court House door. Just now, this c im we would be very unhealthy to any one who would have the temerity to avow sympathy with the traitors of South -Carolina, or respect for the "Pelican" and the "Ea tlesnake."

Patriotism in Paris, Illinois.

A friend writing from Paris, Illinois, says: "There is great excitement here on account of the news of the surrender of Fort Sumter. At an early hour this morning, there was a flag-staff 75 feet high, raised in the Court-House yard and our country's flug floats to the breeze. Union speeches were made by men of both parties, upholding the Administra TERRE-HAUTE. tion in the policy indicated in the late telegrph dispatches.

Party questions are ignored. All parties seem to be vieing with each other in uphold-

ing our insulted flag. There is a volunteer company organizing here under the suspices of prominent men -All units in proclaiming, the time for action bas come."

FORT HARRISON GUARD,-This fine loyal ompany of our citizen soldiers, were on parade last evening, under command of Lieut. Hamil, and elicited much admiration by their manifestation of excellent discipline. Being in their Zouave uniform, they astonished many who were strangers to this "style" of soldiers, not more by the uniqueness of their dress than by the celerity and regularity of their movements. After going through several pleasing evolutions in front of our office, Terre Haute House, where they were exerof citizens turned out to see and admire them. and all seemed proud to know that Terre military companies. The Fort Harrison Guard will never dishenor the flag of the SECESSION PLAG HAULED DOWN. 4404

There was a manifest gloom pervading our city vesterday, and almost all, by the most painful anxiety for the future of our beloved country. The last few have been dark days for "our own dear native land," but we think we can see beyond the cloud the "fringing of gold" that harbingers a more glorious future. From Charleston.

CHARLESTON, April 14 .- The steamer Nash Scott is jet secretly at work calculating ville, from New York, arrived here at three o'clock on Siturday morning. An eye witness of the firing on Friday night says it was terrifically grand, and reached the climax at ten at night, when the

sky was overcast by rain clouds. The streets were filled with people nearly all night, also covering house tops, shipping, and every available place. Towards morning, the firing diminished, a few random shots only were fired, and replied to only occasionally by Sumter.

When the fire and smoke were first seen issuing from Samter, it was supposed to be only a signal to the ships, which were in the offing, apparently blocksding the port, as they remained quietly at anchor. Every one anxiously waited to see what the vessels would do, and fully expected the engagement would become general. At 10 A. M. Sumter was plainly seen to be on fire, the flames bursting through the roofs of the houses within it. At this time Major Anderson scarcely fired a shot, while bomb-shells and marched out on the wharf, the drum and file grape scattered like hall over him, and drove the soldiers under cover.

The iron battery at Cumming's Point, only 1 50) yards from Sumter, kept up a continuous fire from its rifled cannon. The fire from the floating battery and Moultrie was regular and accurate. The sand battery was scarcely injured by the weak fire kept up by Auderson. Scarcely a missile from this buttery missed Sumter. The floating battery proved impenetrable. Every shot from it told on Sumter. Shells from the mortars at CORN-A moderate business doing for expert and

great precision. While Sumter was on fire, Anderson was obliged to cease his cannonading to direct all his efforts to put it out. Twice he succeeded, and to do this his men had to go outside the walls and pass water through the port holes, being exposed to a terrific fire. This was not resorted to till the Fort was on fire for the third time, and flames had increased to an alarming extent. After a few moments, he ordered them in and shut the batteries, as the smoke was too thick to work them. At noon, the flames burst from every part of it, and the destruction was complete.

REV. EDWARD A. WILSON,

Williameburg.

King County, N. Y. A Great Medicine for Females. Hundreds of stimulants have been invented and sold purporting to be specific in the various diseases and derangements to which the delicate form of woman render her subject. The result of all these stimulants bas been to impart momentary activity to the nercous system, and false vigor to the muscles; but this relief has been succeeded by a depression and prestration greater than before; and the repeated attempts of invalids to build themselves up by these false remefice, have finally ended in destroying what little vital organization was left. But in using "Barhane's HoRand Bitters," you will find no such disastrons results. It is purely vegetable compound, prepared on strictly scientific principles, after the manner of 'he celebrated Holland Professor, Borhave, Under its influence, every nerve and muscle receives new strength and vigor, appetite and sleep return, and finally, perfect health.
